

# Risk Evaluation Questionnaire 2026

## PREVIEW

This document contains provisional questions which will be featured in the REQ for PREVIEW for the year 2026. This document should be utilised by subject persons to initiate the gathering of the necessary information required to ensure timely and accurate submission of the 2026 REQ. Questions presented in this document may be subject to change should the FIAU deem it necessary. The 2026 REQ submission is only considered valid when submitted through the FIAU CASPAR portal and upon payment confirmation.

# Subject Person Information

## Subject Person Information (1)

### Q1

Subject persons are required, for each of the questions included in this questionnaire, to choose the answer option that is best suited to the subject person. The FIAU acknowledges that the answer options defined by it do not always fully capture the actual situation within each subject person. When choosing from the answer options available it is therefore important to select an option that is a true reflection of the actual situation within the subject person's operations. In the text box, you can formulate general remarks on the subject person's operation. Please note that these general remarks are not taken into account in the initial automated analysis of the answers submitted.

The answers submitted are subject to quality checks by the FIAU from time to time, and therefore it is essential to provide a true and fair reflection of the current situation.
