

Guidance – Insurance Intermediaries REQ

In terms of the Regulation 19 of the PMLFTR, the Financial Intelligence Analysis Unit (“FIAU”) can require subject persons to submit periodical reports on the AML/CFT measures, policies, procedures and controls they are implementing. This is being done through the annual Risk Evaluation Questionnaire (“REQ”). Unless otherwise stated, all subject persons, including those that were licensed in 2019 and are still licensed as of 28 February 2020, are bound to complete and submit the REQ through the CASPAR system by the deadline communicated to subject persons by the FIAU against payment of the applicable administrative fee. Failure to do so may result in the imposition of administrative sanctions by the FIAU.

This document clarifies the interpretation of specific questions and provides more information on the data being requested in particular sections within the REQ. Please go through this document prior to the completion and submission of the REQ. Subject Persons are invited to call the FIAU at any time during office hours on 21231333 or send an e-mail to: caspar@fiumalta.org

This REQ covers the period 01 January 2019 to 31 December 2019. Reference to prior calendar year throughout the REQ should be taken to refer to 01 January 2019 to 31 December 2019.

Subject persons are required to complete the questionnaire in respect of the activity that falls within the definition of "relevant activity" and "relevant financial business" in accordance with Regulation 2 (1) of the PMLFTR.

Various questions in this REQ have also been applied across other different sectors. As a result, generic terminology such as "you / your entity" and "entity" has been applied and should therefore be taken to refer to the subject person completing this REQ.

Unless otherwise stated, reference to monitoring system throughout the REQ should be interpreted to refer to both manual and automated systems.

FAQs

| | |
|--|---|
| If a subject person was previously registered in CASPAR, should the subject person register again or can the previous credentials be used? | Subject persons do not need to register again and can use the same credentials |
| I am the MLRO of an entity that obtained its license in 2020. What should we do now? | Once the appointment of the MLROs is duly approved by the relevant supervisory authority, where applicable, the appointment and any subsequent changes thereto must be notified to the FIAU through CASPAR. The MLRO should register on CASPAR and create a Subject Person. Guidance on the registration process is available on the FIAU website. The first REQ in this case will be due in 2021 and will cover the period 1st January 2020 to 31st December 2020. |
| If there was a change in MLRO in 2020, is it correct to assume that the current MLRO has to submit the REQ for 2019? | Yes, the current MLRO has to submit the REQ. |
| If the MLRO resigned some time ago and an interim MLRO has been appointed quite recently, can the designated employee submit REQ instead? | The REQ can only be submitted by the MLRO. |
| Does a REQ need to be completed even if operations have just started? | The 2020 REQ covers the operating period January – December 2019, therefore subject persons who obtained their license in or prior to 2019 have to complete the 2020 REQ. Subject persons who do not require to be licensed have to complete the REQ depending on the day when they commenced operations. Registration on CASPAR is compulsory. |
| Does an entity which was liquidated in 2019 or is currently in the process of liquidation need to complete and submit a REQ? | As long as the entity is still licensed, it is still required to submit the REQ for the year 2020. |
| The activity that I / my entity undertakes cuts across various REQs (e.g. an advocate also undertaking activities relating to a CSP and tax advisor). Which REQ should I complete? | The CASPAR System will amalgamate questions covering all the licences / services offered by the subject person into one REQ. Questions that apply equally will need to be answered once while questions that are product and customer based will be asked per type of license / service offered. |
| Is a separate REQ required to be completed for different entities? | Yes, each subject person has to complete a separate REQ and provide information that is specific to that subject person. Even if entities form part of the same group and controls may be the same, a separate REQ has to be completed and the inherent risk questions have to be completed to cover for the specific risk exposures of that subject person. |
| Are Tied Insurance Intermediaries required to complete an REQ? | Tied Insurance Intermediaries (TIIs) are not considered on the same risk as Insurance Principals. In fact, as of the year 2020, REQ submission by TIIs shall no longer be required. Instead, in line with the risk posed by TIIs, shorter questionnaires referred to as 'Key Risk Indicators Questionnaires' will be required to be completed. More information in relation to these KRIs shall be communicated by the FIAU in due course. |

| How should subject persons answer questions that require a monetary value? | All questions requiring the subject person to give monetary values require an answer in Euro. The rate of conversion that has to be utilised depends on the type of question that is being answered. If the value requested is the value at year end, then the subject person should use the last official exchange rate available for the year under review. On the other hand, where the value represents the sum total of a number of transactions which took place during the year, the subject person may either utilise the official daily exchange rate or in the absence thereof the official monthly / annual average exchange rates. |
| What is the difference between the "Not Available" and the "Not Applicable" answer options provided? | <p>The "Not Applicable" option should only be selected in those instances where the question does not apply to the subject person answering the REQ, such as where the subject person does not offer a specific product / service or where the subject person may have only recently commenced operations. If however a Subject Person does provide the service / product but registered no activity in the prior calendar year, then the respondent should input a '0' value.</p> <p>The "Not Applicable" option may also be availed of where the main question upon which all subsequent questions depend was answered in the negative.</p> <p>The "Not Available" option should only be selected in those instances where the subject person cannot reply to the question as it does not have the required or sufficient information at its disposal.</p> |
| When the question requires an answer in numbers, currency or percentages, what is the difference between inputting "0", and selecting the 'not applicable' or 'not available' option? | <p>Inputting "0" means that the question applies to the subject person, however the subject person had nothing to report.</p> <p>The 'Not Applicable' option should only be selected in instances where the question does not apply to the subject person answering the REQ such as where a product is not offered or the subject person has only recently commenced operations. The 'Not Applicable' option can also be availed of where the main question upon which all subsequent questions depend was answered in the negative.</p> <p>The 'Not Available' option should be selected in those instances where the question applies to the subject person, however the entity does not have sufficient information at its disposal to answer the said question.</p> <p>When a number/percentage is required to be input and the 'Not Applicable' option is not available, a '0' value should be input.</p> <p>Example: "What percentage of total customers are resident or otherwise incorporated or their principal place of business is in a non-EU / EEA jurisdiction?"</p> <ul style="list-style-type: none"> - Subject persons who do not accept customers from non-EU / EEA jurisdiction, should select "Not Applicable"; - Subject persons who accept customers from non-EU / EEA jurisdictions, however did not have any customers from such jurisdiction as at the end of the prior calendar year, should input "0"; - Subject persons who have customers from the mentioned jurisdictions, but the requested information may not be extracted, should choose the "Not Available". |
| If an entity has two licenses, but only one license is being used. The second license is not used, has no activity (no customers and no products) and is not being marketed. What information need to be provided? | If an entity has two licenses, then the categories chosen upon registration of said entity is to reflect the two licenses. In this manner, the REQ will reflect questions pertaining to the two licenses. If one of the two licenses is not being used, then this shall be stated in the 'General Remarks' tab at the beginning of the REQ and all questions relating to this particular licence are to be answered with either "0" / "Not Applicable" inputs. The control based questions in the REQ should be completed by the subject person, independently of the level of activity of the licensee. |

| Why is there a reference to the Basel Index in the REQs? | <p>The 2019 REQ required subject persons to make their own determination to identify high risk jurisdictions when answering related questions. This introduced an element of subjectivity that undermined the ability of the FIAU to compare data. The FIAU included the reference to the Basel Index, together with other lists, to reduce this element of subjectivity.</p> <p>Subject persons should however note that reference to the Basel Index is only being made for the purposes of this exercise and should not to be considered to have any form of official endorsement by the FIAU. Subject persons are still required to make their own informed and autonomous decision as which jurisdictions represent a given level of risk. While they can make use of the Basel Index to inform their judgement, they are not to automatically rely thereon.</p> <p>Subject persons are expected to make use of the public version of the Basel Index.</p> |
| In light of Brexit how should the UK be treated? | During the year under review (2019), the United Kingdom was still considered to be a member state of the European Union and therefore should be treated as such when completing the REQ. |
| Should our responses to the REQ relate to all the activity of the subject person or should this be restricted to relevant activity? | Subject persons are generally expected to restrict their responses to relevant financial business, that is the carrying out of long term insurance business as defined in the PMLFTR. Specifically, respondents are expected to restrict their responses to relevant financial business (long term insurance business) when replying to questions in the following sections: Sections - Product and Services; Section - Customers; Section - Geography and Section - Interface / Distribution Channels |
| Should all questions involving customers be taken to also include beneficial owners? | Unless the question makes specific reference to beneficial owners, reference to customers should only be taken to refer to the person or entity (excluding the BOs of the legal person) to whom the subject person provides the service. |
| Where a customer has both a holding and trading company should these be treated as one customer? | Should the service be offered to both the holding and the trading company, these should be regarded as two separate legal entities for which you are providing the service; therefore the total number of customers is two. If they form part of the same group but the Subject Person is offering the service to only one of the two, the customer in this case is one. |
| Where a question refers / relates to subsidiaries, should we include all entities with common ownership? | <p>The definition of subsidiary shall be construed to have the same meaning as referred to in the entities Act. Only entities that have the same ownership and share a common parent should be included. Simply having common ownership does not make a company a subsidiary, a common parent company is required.</p> <p>Where the REQ makes reference to a subsidiary of the subject person, only those subsidiaries that undertake a relevant activity / relevant financial business, should be taken into consideration in the subject person's response to the question.</p> |
| I am a sole practitioner / MLRO of a legal entity with no registered employees. How should I answer all employee-related questions in the REQ? | <p>The term 'employees' should not only refer to individuals who have a contract of employment with the subject person but should be interpreted to also include individuals who are engaged by the subject person to carry out aspects of its business involving relevant activity or relevant financial business.</p> <p>Subject to the above, all questions related to employees should be marked as 'Not Applicable'.</p> |

| | |
|---|---|
| <p>During the prior calendar year (2019), the subject person terminated all its customer relationships and is in the process of winding up its business activity. Should the BRA be marked as Not Applicable?</p> | <p>Subject persons had an obligation to have a BRA with effect from January 2018.</p> <p>Where the subject person has already provided a copy of its Business Risk Assessment with the 2019 REQ submission, has reviewed the said BRA and concluded that no changes thereto are required, the subject person is not required to upload another copy of the BRA. In this case the subject person will be required to upload a signed declaration stating that following the review of the BRA, no updates were required since the BRA still covered all the ML / FT risks to which the subject person is exposed to. The signed declaration may be an extract from the Board minutes certified by the company secretary or in the case of sole practitioners a signed declaration by the MLRO.</p> |
| <p>If an engaged agent met the client face-to-face, but not the management of the entity directly, would this be considered as face-to-face relationship?</p> | <p>Yes, this is considered as a face-to-face relationship</p> |
| <p>Should a subject person be aware of whether a BO of a customer benefited from IIP citizenship?</p> | <p>In line with the IP Section 3.2.1, subject persons are required to consider factors that can lead to the customer being considered as presenting a higher risk of ML / FT and this includes situations where the customer has applied for, or is benefitting from, residence rights.</p> |
| <p>When screening for customers who have been convicted of a criminal offence that could have potentially generated proceeds, should directors be screened?</p> | <p>Sanction screening should be carried out on customers, BOs and agents.</p> |

| | |
|--|--|
| To what extent can adverse media reports influence the classification of a client as high risk? | Not each and every adverse article found online should result in the increase of the subject person's risk classification. Adverse information should first be analysed before any changes to the risk classification is made. |
| Is the internal audit function obligatory? If so, what is the expected frequency that audits are carried out and are there any firms authorised to provide these services? | Regulation 5(5)(d) of the PMLFTR provides that "every subject person shall implement, where appropriate with regard to the size and nature of the business, an independent audit function to test the internal measures, policies, controls and procedures". The Revised Implementing Procedures in Section 3.4 further provide that this need not result in the creation of an internal audit function, since it is possible for the subject person to engage an external consultant independent of the subject person to evaluate the adequacy of its internal controls, policies and procedures. This task may also be assigned internally to a person other than the MLRO or anyone else involved in the implementation or operation of the subject person's AML / CFT compliance programme. |
| Does a business risk assessment by an independent firm cover the internal audit requirement? | Internal audit or independent testing is necessary to test the effective implementation of one's policies, controls, and measures. Through the carrying out of a business risk assessment one obtains an understanding of the risks that affect operations and the measures to manage such risks. On the contrary the internal audit or independent testing, in the context of the requirements of the PMLFTR, assesses the adequacy of the measures (controls) the subject person put in place to manage its risk exposure to ML/FT risk. |
| In response to AML/CFT training of employees, which employees are required to undergo training. We have a complement of 10 Full Time Equivalents. If 2 of these are a courier and a cleaner should we include all of them in the calculation of this percentage? | Reference can be made to Chapter 7 of the Implementing Procedures, Part I which indicates that awareness and training shall be provided to employees whose duties include the handling of either relevant financial business or relevant activity. It is safe to assume that members of staff holding the position of courier/cleaner do not fall within the definition provided under Chapter 7 of the Implementing Procedures, Part I and can therefore be excluded for the purposes of calculating the required percentage. |
| For how long should documents be kept in order to comply with FIAU's implementing procedures and regulations? | As per Regulation 13(2) of the PMLFTR and Section 9.3 of the Revised Implementing Procedures, subject persons are to maintain records for a period of five years. The FIAU, relevant supervisory authorities or law enforcement agencies are entitled to demand that records, including personal data, is retained for longer periods, when this is considered to be necessary for the purposes of the prevention, detection, analysis and investigation of money laundering or financing of terrorism activities by the FIAU, relevant supervisory authorities or law enforcement agencies. The FIAU can extend the retention period for a period of up to 10 years in total. |
| Although group life policies are considered as long term business, in practice, they are short term in nature since typically these are renewed every 12 months. Should these form part of the REQ process? | Group life policies are considered as long term business in line with the Second Schedule of the Insurance Business Act. Therefore, although this type of products are typically renewed every 12 months, these are still considered as long term business for the purposes of filling in the REQ. |
| When providing the number of high risk clients, should the answer take into consideration the inherent risk or the residual risk following controls? | When providing the number of high risk clients, the subject person should only take into consideration the inherent risk. |

| | |
|---|--|
| A Maltese local client operates a cash-intensive supermarket with an annual turnover of €100,000 and a residual profit of €20,000. Should this be considered as high risk business? | The fact that a customer is operating a cash intensive business should only be one of the factors which are considered when carrying out of the customer risk assessment. Other risk factors should also be taken into consideration, such as, the geographical risk and the interface risk. |
| The subject person's client is a corporate client, having one of its director classified as a PEP. Should be this corporate client be considered as a PEP for REQ purposes? | For the purposes of filling in the REQ, if one of the corporate client's director is a PEP, then the corporate client is not to be considered as a PEP as the customer in this case is the corporate customer. The concept of a PEP can only be applied to natural persons. In the event that the director in question acted as an agent during the application process, such risk exposure should be taken into consideration during the carrying out of the customer risk assessment. |
| If one PEP has multiple entities and the subject persons services these entities, what is the correct number of PEPs in this case? | A PEP is always a natural person and therefore the number to be entered in this case should be one. |
| Which Government, Parastatal entities, Local Council office holders or employees fall under definition of a PEP? | <p>Regulation 2(1) of the PMLFTR defines a PEP as a natural person who is or has been entrusted with a prominent public function, other than middle ranking or more junior officials. The PMLFTR does not define what constitutes a "prominent public function" since they may vary depending on a number of factors, such as the type, size, budget, powers and responsibilities associated with a particular public function and the organisational framework of the government or international organisation concerned, as the specific jurisdiction concerned. The PMLFTR do provide a non-exhaustive list of public functions that are considered to be prominent public functions and would therefore render the holder thereof a PEP. This list is not exhaustive and subject persons are required to assess on a case by case basis whether a particular public function presents characteristics that would fall to be considered as a prominent public function in terms of the PMLFTR and the Implementing Procedures.</p> <p>The prominent public functions which would render the holder a PEP include the following:</p> <ul style="list-style-type: none"> - Heads of state, heads of government, ministers, deputy or assistant ministers, and parliamentary secretaries - Members of the Parliament or similar legislative bodies including the Speakers and all members of the House of Representatives - Members of the governing bodies of political parties which are those parties represented in the House of Representatives. However, this definition does not include regional or town representatives. |
| When does a person cease to be classified as a PEP? | The Revised Implementing Procedures issued in 2019 provide that the application of EDD to PEPs, their family members and close associates is mandatory as long as a PEP remains entrusted with a prominent public function, and for at least, a subsequent 12-month period from when he/she ceases to be so entrusted. |
| Basel index: there are various country risk databases of equal reliability. Is there a reason reference is only made to the Basel Index in the REQ? | The Basel Index was deemed to be the most frequently used. Whereas other indexes are also considered as reputable, the BASEL index was chosen purely for consistency patterns across the REQ. |

|---|--|
| PEP measures | <p>Regulation 11 (5) of the PMLFTR states that:</p> <p>Subject persons shall ensure that the risk management procedures maintained in accordance with Regulation 5(5)(a) are conducive to determine whether a customer or a beneficial owner is a politically exposed person, and when undertaking occasional transactions for, or establishing or continuing business relationships with politically exposed persons shall:</p> <p>(a) require the approval of senior management;</p> <p>(b) take adequate measures to establish the source of wealth and source of funds; and</p> <p>(c) conduct enhanced ongoing monitoring of such business relationships.</p> |
| Politically Exposed Person | <p>The definition of a PEP should be construed in accordance with the PMLFTR and the guidance in the IPs</p> <p>Regulation 2(1) of the PMLFTR defines a PEP as a natural person who is or has been entrusted with a prominent public function, other than middle ranking or more junior officials. The PMLFTR provide a non-exhaustive list of public functions that are considered to be prominent public functions and would therefore render the holder thereof a PEP.</p> <p>Regulation 11(8) of the PMLFTR defines the term "family members" as including:</p> <p>(i) the spouse, or a person considered to be equivalent to a spouse;</p> <p>(ii) the children and their spouses, or persons considered to be equivalent to a spouse; and</p> <p>(iii) the parents.</p> <p>The list of "family members" is not an exhaustive list and therefore subject persons should consider whether other family relationships in specific circumstances may be considered to be similar to those under the indicative list in the PMLFTR.</p> <p>Regulation 11(8) also defines the term "close associates" as:</p> <p>(i) a natural person known to have joint beneficial ownership of a body corporate or any other form of legal arrangement, or any other close business relations, with that politically exposed person;</p> <p>(ii) a natural person who has sole beneficial ownership of a body corporate or any other form of legal arrangement that is known to have been established for the benefit of that politically exposed person.</p> |
| Relevant activity / Relevant financial business | <p>Relevant activity and relevant financial business carry the same meaning as defined in Regulation 2 (1) of the PMLFTR .</p> |
| Reliance on other subject persons | <p>The PMLFTR permit subject persons to rely on the CDD measures carried out by other subject persons or by certain other third parties. A reliance arrangement can be set up between entities when those entities are servicing the same customer, or when that same customer is in contact with multiple entities to a transaction, with each entity being under a legal obligation to carry out CDD measures on the customer. Subject persons should take adequate steps to ensure that, on request, the entity relied on immediately forwards relevant copies of the identification and verification documents on the CDD measures undertaken. In this regard, subject persons should have a written formal agreement with the entity, signed by both parties, that would regulate the procedures and conditions on these requests to ensure that the data is made available immediately.</p> <p>The term third party should be interpreted to also include brokers, agents, TIs and introducers.</p> |

|-------------------|---|
| Residence | "Residence" refers to the customer's principal country of residence or for a legal entity the jurisdiction where it is incorporated or has its principal place of business. With respect to trusts and similar legal arrangement the country of residence should be the jurisdiction of the laws governing the trusts and / or similar legal arrangement. |
| Residual risk | Residual risk is the level of risk left after applying the mitigating measures, policies, controls and procedures to the level of inherent risk identified. Level of inherent Risk – Mitigating Measures = Level of Residual Risk |
| Senior management | The definition of "senior management" will depend on the type of body corporate or organisation setup of the entity. It intends to capture those individual(s): (a) who are responsible for taking strategic decisions that fundamentally effect the business operations or general direction of that entity; and (b) who exercise executive control over the daily or regular affairs of the entity through a senior management position. Paragraph (b) includes individuals at C-level who have executive functions or are otherwise responsible for the management of the entity, such as executive directors, chief executive officers (CEOs) and chief financial officers (CFOs), and who require the approval, prior to appointment, of the MFSA or MGA, respectively. |
| Subsidiary entity | The definition of subsidiary shall be construed to mean the same as explained in the Companies Act. Companies that have the same ownership and share a common parent should be included within the definition of a subsidiary. On the other hand, entities simply having common ownership do not constitute a subsidiary, since there is no common parent entity. Where the REQ makes reference to a subsidiary of a subject person, only those subsidiaries that undertake a relevant activity / relevant financial business should be taken into consideration. |

| 1.05 | If your entity is a subsidiary of a foreign traded company or a subsidiary of a privately held foreign company, is the parent company located in EU / EEA jurisdictions or non-EU / EEA jurisdictions? | If the entity is directly controlled by a natural person (ultimate beneficial owner) then the "Not Applicable" option should be selected. |
| 1.06 | Please indicate total annual turnover according to the latest available audited financial statements and / or tax declaration. | <p>Respondents are required to indicate turnover on the basis of the latest available financial statements or submitted tax return. Where the latest available audited financial statements or submitted tax return does not correspond to the prior calendar year, subject persons are required to provided the required information from the latest available financial statement or submitted tax return available.</p> <p>In those instances where the subject person's financial statements are not reported in Euro, the reported turnover in foreign currency amount should be translated into Euro at the average annual exchange rate for the given accounting reference period as published by the European Central Bank. Furthermore, where the 2019 financial statements have not yet been audited or the 2019 tax declaration has not yet been submitted, subject persons are expected to use the latest available audited financial statements or tax declaration.</p> <p>Annual average exchange rates may be accessed through the following link: https://www.centralbankmalta.org/average-exchange-rates</p> |
| 1.10 | Please indicate the total number of employees (including partners, executive directors, associates and staff), expressed in full time equivalents ("FTEs"), working for you / your entity as at the end of the prior calendar year. | <p>Employment in full-time equivalent ("FTE") is a conversion method used to measure the number of employees according to the number of hours worked. When using FTE, a full-time employee working a 40 hour week is equivalent to 1, whereas a person who works 20 hours per week is equivalent to 0.5. Self employed should be included in the FTEs calculation. How is this different from the below?</p> <p>Employees should include persons who are directly employed by subject persons including directors and employees employed within the same group but working directly for the SP or who are self-employed persons but working for the SP.</p> |
| 1.11 | How many years experience in this industry do you / does the principal(s) and / or partners and / or director(s) and / or senior management of your entity have? | The persons to be taken into consideration for the purpose of this question, must have either an employment relationship with the entity or are serving on the governing body of the entity (through employment), independently of whether they have an executive or non-executive role. |

|------|--|--|
| 1.18 | Please list all persons (name and surname) who are considered as your entity's beneficial owners as defined in the PMLFTR. | <p>Subject persons are only required to provide the requested information for customers that are natural persons or legal arrangements.</p> <p>Regulation 2(1) of the PMLFTR defines a beneficial owner as: (a) any natural person or persons who ultimately owns or controls the customer; and/or (b) the natural person or persons on whose behalf a transaction or activity is being conducted. A body corporate, body of persons, trust or other legal arrangement can never qualify as a beneficial owner. The beneficial owner, when there is one, must always be a natural person.</p> <p>In case of a publicly listed entity, please specify the name of the stock exchange where the company is listed e.g.: Malta Stock Exchange.</p> |
| 1.20 | Does your entity have nominee shareholders in its ownership structure? | <p>Nominee shareholding refers to those instances where the shares of an entity are held by a person for the benefit of another person (beneficial owner). A nominee shareholder may be an individual or a body corporate.</p> <p>In replying to this question, subject persons are required to consider their whole ownership structure irrespective of country of incorporation or jurisdiction.</p> |
| 1.23 | Has your entity undergone significant changes in its management and control structure during the prior calendar year? | <p>"Management and control structure" refers to those bodies or individuals within the entity that either set the general direction of the entity in the pursuance of its activities (e.g. Board of Directors, Partners' Committee etc.) or that manage the entity's activities on a day-to-day basis (C-level e.g. Chief Executive Officer, Chief Financial Officer, Managing Partners etc.) and who require the approval, prior to appointment, of the MFSA or MGA, respectively. Control structures refer to the entity's governance structures and their related setup and should exclude control structures established for the day-to-day operations of the entity.</p> <p>"Significant changes in its management and control structure" means any change to the governing body or to the management of the entity. For licensed subject persons (including CSP and Trustees) change to governing body or management refers to those positions that require prior approval and / or notification of the Malta Financial Services Authority or the Malta Gaming Authority respectively.</p> |

| 2.05 | How many staff members, expressed as FTEs, are part of the AML / CFT team (if one exists)? | <p>"AML / CFT team" refers to individual/s who are part of an organised setup within the entity whose responsibilities include the assistance / execution, in part or in whole, of the entity's obligations arising from the PMLFTR and IPs and the entity's policies and procedures.</p> <p>Employment in full-time equivalent is a conversion method used to measure the number of employees according to the number of hours worked. When using FTE a full-time employee working a 40 hour week is equivalent to 1, whereas a person who works 20 hours per week is equivalent to 0.5. Self employed should be included in the FTEs calculation. The reported number should exclude the MLRO.</p> |
| 2.06 | Is any of the AML / CFT team staff responsible for other roles and responsibilities not attributable to AML / CFT (e.g. front office, back office, etc.)? | <p>"AML / CFT team" refers to the staff members other than the MLRO.</p> <p>"Roles and responsibilities" relate to those responsibilities which are part of the first line of defence in the three lines of defence model. This may include front office, back office responsibilities but excludes compliance and risk management roles.</p> |
| 3.05 | Did the Business Risk Assessment conducted take into account the results of the SNRA and NRA? | <p>"NRA" refers to National Risk Assessment</p> <p>"SNRA" refer to Supranational Risk Assessment</p> |
| 4.03 | Please indicate, for all your customers where a business relationship is formed or, depending on the risk, only for a specific part of your customers, whether you / your entity collects information on actual or expected activity (including cash flows) with respect to size, frequency and geographical distribution. | <p>This question refers to information that may be collected, on a risk basis, by a subject person in order to understand the customer's business and strengthen its customer risk assessment.</p> <p>Geographical distribution refers to the jurisdictions where or through which the customer carries out its operations (customers, suppliers, place of management) and undertakes its financial activity (money flows).</p> |
| 4.05 | Do policies and procedures specify hierarchical authorisation levels within your entity to, on a risk basis, accept a customer or approve a transaction? | <p>The application of hierarchical authorisation levels refer to both customers accepted at on-boarding stage and resulting from changes in customer risk assessment throughout the business relationship.</p> |

| No. | Question | Guidance |
|------|---|---|
| 4.15 | Where customer due diligence cannot be completed at the onboarding stage, do the policies and procedures require you / your entity to consider whether there is a need to file a STR with the FIAU and only proceed with the cancellation / termination of the business relationship once it is determined that there is no suspicion justifying the filing of a STR? | The IPs require subject persons to consider terminating the business relationship / the carrying out of an occasional transaction when CDD cannot be completed only after taking into consideration whether an STR needs to be filed. Section 4.7 of the IPs provides further guidance on subject persons' obligations on this matter. |
| 4.20 | Do policies and procedures require your entity to obtain an understanding of high value / high risk transactions, as well as obtain related supporting documentation and revise the CRA, if required? | "CRA" refers to the Customer Risk Assessment. "High value" and "high risk" transactions should be defined by the entity and appropriately documented in the entity's policies and procedures. |
| 5.01 | Is your entity's process / system for monitoring transactions fully automated, partially automated or manual? | "Fully Automated" refers to relying on automated systems that require little or no human intervention. "Partially Automated" refers to relying on automated systems requiring human intervention regularly, whilst "Manual" refers to relying on control system data, manual / scheduled reports and intensive employee intervention. This question should be marked as 'not applicable' by those entities who solely undertake occasional transactions. |
| 5.03 | Are there customer transactions that are not screened by the monitoring system? | Subject persons who only have occasional transactions and who do not have business relationships, should select the "Not Applicable" option in the response. |
| 5.06 | How many alerts were generated by the monitoring system during the prior calendar year? | The number should reflect the total number of alerts that were raised by the system and resulted in an analysis / investigation by the subject person to be able to determine whether these should be cleared or whether they should be escalated further through the filing of an internal report. The Not Applicable option should be only selected by subject persons who do not have business relationships but only occasional transactions. |
| 7.01 | Have you / your entity, given the size and nature of its business, appointed an officer at management level to monitor the day to day implementation of its AML / CFT measures, policies, controls and procedures? | Where the subject person is a sole practitioner and the appointed officer is themselves, they may choose to select the option "No, MLRO has taken this role". |

| No. | Question | Guidance |
|------|---|---|
| 7.03 | Have you / your entity, given the size and nature of its business, appointed an independent audit function to test its AML / CFT measures, policies, controls and procedures? | <p>The PMLFTR requires subject persons to consider whether, given the size and nature of their business, the conduct of ongoing monitoring on one's own measures, policies, controls and procedures needs to be strengthened through:</p> <p>(a) the appointment of an officer at management level whose duties are to include monitoring of the day-to-day implementation of the measures, policies, controls and procedures adopted by the subject person; and</p> <p>(b) the implementation of an independent audit function to test the said internal measures, policies, controls and procedures from time to time.</p> <p>The latter need not necessarily result in the creation of an internal audit function, since it is possible for the subject person to engage an external consultant independent of the subject person to evaluate the adequacy of its internal controls, policies and procedures. Alternatively, the subject person may assign this task internally to a person other than the MLRO or anyone else involved in the implementation or operation of the subject person's AML / CFT compliance programme.</p> |
| 8.03 | From the internal reports raised in the prior calendar year, how many cases are still open? | <p>An internal report is considered as still open where the MLRO has not yet made a determination as to whether an STR is to be filed with the FIAU or otherwise.</p> <p>The 'Not Applicable' answer is only to be used where the subject person replied '0' to the question: "How many internal suspicious reports were raised during the prior calendar year?"</p> |
| 8.05 | Were records of all "internal reports" raised during the prior calendar year and the analysis conducted thereon maintained by you / your entity? | <p>The internal reporting procedures of a subject person should set out the steps to be followed when one of its employees knows or suspects that a person or a transaction is connected to ML / FT. The procedures should clearly state that when an employee has any such information, he / she is to report the matter to the MLRO without delay.</p> <p>Internal reports should be submitted in writing, preferably using a standard template, together with all relevant information and documentation available to the employee so as to assist the MLRO to determine how best to proceed.</p> <p>Following the receipt of an internal STR, the MLRO may conclude, for justifiable reasons that the report does not give rise to knowledge or suspicion of money laundering. In such cases, the MLRO should keep a copy of the internal STR together with the rationale of why the report did not warrant a submission to the FIAU. It is the MLRO's responsibility to consider internal reports of money laundering and decide if there is sufficient grounds for suspicion to file a suspicion transaction report ("STR").</p> |

| 8.07 | How many requests for information from the Maltese authorities did you / your entity receive about any of your customers during the prior calendar year? | <p>The term "Maltese authorities" refers to: Financial Intelligence Analysis Unit (FIAU), Malta Financial Services Authority (MFSA), Malta Gaming Authority (MGA), The Malta Police Force, Sanctions Monitoring Board and the Asset Recovery Bureau.</p> <p>Reference to customers is made with respect to current clients (active or inactive), customers who no longer have a business relationship with the entity and those for whom an occasional transaction was carried out.</p> |
| 9.05 | Please provide the % of staff outside the AML / CFT unit that completed AML / CFT training throughout the prior calendar year. | Staff outside the ML / CFT unit refers to employees of the entity who undertake relevant activity / relevant financial business. Self-employed persons who principally work for the entity should all be included in your response. |
| 9.09 | Where tasks relating to AML / CFT compliance are outsourced (within or outside the Group), what % of the provider's staff directly servicing you / your entity, received training on AML / CFT throughout the prior year? | <p>The term "group" refers to a parent undertaking and all its subsidiary undertakings.</p> <p>Subject persons whose AML / CFT obligations are, in whole or in part, undertaken by an entity forming part of its group should, irrespective of the legal and commercial arrangements in place, also respond to this question.</p> |
| 10.01 | Do you / your entity have policies and procedures in place providing for compliance with the record keeping obligations arising from the PMLFTR? | <p>Chapter 9 – Recordkeeping Procedures of the IPs states that subject persons must have procedures in place and apply the same, so as to ensure that the following records are maintained:</p> <ul style="list-style-type: none"> a) records of the actions taken to adopt and implement the risk-based approach; b) the CDD information and documents obtained for identification and verification of identity purposes; c) records containing details relating to the business relationship that is formed and all transactions carried out in the course of a business relationship or an occasional transaction; <p>Subject persons should also retain the following records required as evidence of compliance with the PMLFTR and for statistical purposes:</p> <ul style="list-style-type: none"> a) internal reports made to the MLRO; b) a record of any written determinations made by the MLRO and the designated employee, including the reasons for not filing an STR with the FIAU; c) STRs made by the subject person to the FIAU and any follow-up submissions made in connection thereto; |

The 5 year retention period commences from the date on which the business relationship is terminated or the occasional transaction is carried out.</p> |
| 10.02 | <p>Upon request by the FIAU, are you / your entity in a position to retrieve the requested customer records / or investigative records within the established deadlines?</p> <p>*If you / your entity received reminders or requested extensions for deadlines imposed by the FIAU, do not mark as [yes, always].</p> | <p>When requests for information are made by the FIAU, subject persons should ensure that they are able to reply in a timely manner but not later than 5 working days, provided that subject persons are able to reply in a shorter period of time where the FIAU deems it necessary, depending on the request</p> |
| 12.03 | <p>Please list the number of customers (natural persons) and / or BOs that have benefited from residence or citizenship by investment schemes, or are applicants / prospective applicants for such schemes.</p> | <p>Investor citizenship schemes are often referred to as CIPs ('citizenship investment programmes'), 'citizenships for sale' or 'golden passports'. They allow foreigners to be naturalised as a citizen of a country in return for an investment, provided certain criteria are fulfilled. Investor citizenship schemes differ from investor residence ('golden visa') schemes, which aim to attract investment in exchange for residence rights in the country concerned.</p> |
| 12.14 | <p>Please list the number of customers who operate cash intensive businesses.</p> | <p>Cash intensive businesses are businesses which through their operations receive or depend largely on cash-based transactions. Examples of cash intensive business include restaurants, petrol stations, retail stores and parking garages.</p> |
