2) Introduction

The FIAU drafted AML/CFT Risk Evaluation Questionnaires (REQ) for each type of activity to take into account sector specific activities.

The FIAU developed a data collection tool, the Compliance and Supervision Platform for Assessing Risk (CASPAR), which is a multifunctional system that allows the Unit to gather information from multiple sources. Subject Persons must use the CASPAR system in order to submit the annual REQs. This guidance is being issued to explain the registration process to CASPAR, as well as the process for the submission of the REQ.

3) Registration to CASPAR

Is it your first time on the CASPAR platform?

- If yes, you need to do 2 steps to access it:
  Step 1: First-time user registration;
  Step 2: Create / Subscribe to an Existing Subject Person.

  Go to https://caspar.fiaumalta.org/ and click ‘Register’ to access the user registration form.

- If not, you only need to login. Go to https://caspar.fiaumalta.org/ and input the username and password created at registration. Your username is the email address used during registration process.

The website is optimized for Google Chrome and Mozilla Firefox. Kindly note that the website is not compatible with Internet Explorer, Microsoft Edge and Safari as well as all the Apple devices, that is, Iphone, Ipad, Mac Books and IMacs.

A user account is required to access the CASPAR platform. There are three types of registrations:
A. MLRO

Appointed for a Legal Entity which is carrying out relevant financial business and/or relevant activity. This registration type should also be used by MLROs who are still awaiting approval from the MGA or MFSA.

For guidance on registration, refer to section A. MLRO

B. Designated Employee

Employee/s designated to assist the MLRO in the fulfilment of the AML/CFT duties of a Legal Entity.

For guidance on registration, refer to section B. Designated Employee

C. Sole Practitioner

Individuals who undertake any relevant financial business and/or relevant activity in their own name or under a trade name.

For guidance on registration, refer to section C. Sole Practitioner
A. MLRO

This type of registration should be used by the appointed MLROs of legal entities, interim MLROs as well as by MLROs who are still awaiting approval from the MGA or MFSA.

Upon successful registration, a MLRO is given the following rights:

- Creation of a Subject Person;
- Editing of details of the Subject Person;
- Approval of a Designated Employee (DE);
- Online compilation and submission of REQ;
- Payment of applicable fee relating to REQ submissions.

Step 1: First-time Registration of User

The steps indicated hereunder should be followed to complete the successful registration of a user:

1) Select ‘Legal Entities’ in the Applicant Type section.

2) Select ‘MLRO’ as Role Designation.
3) Complete the registration form by inserting personal details in the respective fields and note that the email address provided, will be your username to login to CASPAR.

4) CASPAR maintains a list of all registered Subject Persons. Insert three consecutive letters of the name of the Legal Entity in the section Professional Details. If the Subject Person has already been created on CASPAR, the name of the Subject Person as registered, will appear in this field. In this case, select the Subject Person from the dropdown menu.

If the name of the Subject Person does not feature, click on ‘Add Subject Person’ and insert the name of the Legal Entity.

If you are the appointed MLRO for more than one legal entity, repeat this step for each additional Subject Person.

The creation of a user in CASPAR requires the approval of FIAU. The name of the legal entity / entities entered in this section will solely be used by FIAU during the approval of the user. After receipt of approval, the user must carry out an additional step to create / subscribe to a Subject Person – Refer to guidance in Step 2.
Guidance for the registration and use of the CASPAR platform

5) Create a password which will be used to access your personal account and note that the selected password must contain a minimum of eight characters, consisting of at least one number, one uppercase and one lowercase letter. Once you have completed the form, click ‘Register’.

6) The following screen will appear, acknowledging the submission of the Registration Form.

7) An automated email is transmitted to the email address provided at registration. This email features a link required to complete this first step of the registration process. Click on ‘Confirm User Request’ to confirm the email address or copy and paste the URL into your web browser.
8) This next screen confirms that the email address has been verified and that your registration request will be submitted to the FIAU for approval. An email will be submitted once this request is reviewed by FIAU.

9) Upon receipt of email confirming approval of the user’s registration, click on ‘Login to CASPAR’ and login to the newly created account by inserting the email address and password selected upon the initial user’s registration process. You may wish to contact Compliance at the FIAU for clarification purposes and further guidance, should your initial user’s registration be rejected.
**Step 2: Creation / Subscribing to a Subject Person**

Upon launch of CASPAR, the system will hold no data on the Subject Persons and hence, all records are to be created anew.

A one-time registration should be carried out to create the entity’s record, and allow users to subscribe to same.

**Was the Subject Person created on CASPAR?**

- **No** - You need to create the Subject Person by completing a one-time registration form. Refer to guidance in [Creation of a Subject Person](#).

- **Yes** - You only need to subscribe to an existing Subject Person. Refer to guidance in [Subscribing to an Existing Subject Person](#).

How do I know whether a Subject Person is created?

*In the initial registration form, you were required to input the name of the Legal Entity. If the name of the entity appeared in a list, the legal entity is already created on CASPAR and you may go to ‘Subscribing to a Subject Person’. On the other hand, if you had to click on ‘Add Subject Person’, an additional step has to be completed to create the Subject Person on CASPAR (Creation of a Subject Person).*

Still not sure? Go to ‘Subscribing to a Subject Person’.

Following the successful registration of the Designated Employee on CASPAR and his/her request to subscribe to a Subject Person, the MLRO must review and approve / reject this request. This section explains the steps which must be undertaken by the MLRO.

2) Click again on the information shown under the header ‘Pending DE Subscriptions’.

3) Review the information and click ‘Approve’ / ‘Reject’.

10) You may print the REQ by clicking on the ‘Printable Report’ button located on the top right-hand side of the screen.

After pressing this button, a print preview of the report will appear on screen. You may proceed by clicking on this button Print. Otherwise, click on to go back to edit the REQ.
Step 2: Payment of applicable fees and submission of REQ

The following are the steps which must be followed by the MLRO for the submission of a REQ and the payments of the applicable fees. Kindly note that this process may be solely undertaken by the MLRO of the Subject Person. Furthermore, all questions of the REQ must be completed prior to its submission.

In the case of legal entities, the REQ must be reviewed by another individual, prior to its submission (Refer to Step 4 below).

Kindly note that following the declaration, the user is not permitted to edit the content of the REQ. In view of this, we recommend the MLRO thoroughly reviews the responses provided prior to proceeding to the declaration of the REQ. Following submission, the REQ will be accessible through the CASPAR platform for viewing purposes only.

Where the same person is the appointed MLRO of multiple Subject Persons, a REQ and payment must be submitted for each Subject Person. In view of this, the steps listed below, must be repeated for each Subject Person.

The deadlines for the REQ can be found on the FIAU website or by accessing the following link (https://fiaumalta.org/news/2021-risk-evaluation-questionnaires/)

Please review this FAQ document to learn more.

1. I am no longer a Subject Person – what do I need to do?
   If your business has ceased operating, or if your business no longer undertakes relevant activity and / or relevant financial business, you must submit a request to be removed from the CASPAR database. This can be done by contacting the FIAU via email on caspar@fiaumalta.org.

2. Do I need to advise FIAU of changes to my details?
   Yes. Changes to the personal details must be affected directly in CASPAR. Refer to Section 'Editing of user details'.

3. Do I need to advise FIAU of changes to the details of the Subject Person?
   Yes, the FIAU must be informed of changes to the Subject Person details. Changes must be affected directly in CASPAR. Refer to Section 'Editing of details of Subject Persons'.

4. What do I do if I receive notification that my enrolment was not approved?
   The reason for the rejection will be included in the email notification. If further clarifications are required, you may contact the FIAU on caspar@fiaumalta.org.

5. How long does enrolment take?
   Enrolment is split in two stages:
   a. Creation of a personal user in CASPAR
   b. Creation / Subscription to a Subject Person

   A registration form must be completed for each stage. The completion of the respective forms is a short process and takes only a couple of minutes. However, since the approval of the FIAU is required at each stage, enrolment process may take a number of hours / days.

6. I successfully managed to register on CASPAR, however as soon as I am logging in, the buttons to create or subscribe to a Subject Person are not showing.
   You may be using Internet Explorer. Kindly note that CASPAR is not compatible with this browser. The website is optimized for Google Chrome and Mozilla Firefox.

7. I am an MLRO, however I am still awaiting approval of my appointment by the relevant Authority. May I register on the CASPAR platform?
   Yes. You must register on CASPAR under the designation type ‘MLRO’. Refer to guidance in A. MLRO.
8. **My company is in the process of identifying a MLRO. How should I register on CASPAR?**
   The Company must appoint an interim MLRO. The interim MLRO should register as a user on CASPAR, and then subscribe to the Subject Person - refer to guidance in A. MLRO. If the MLRO changes, the FIAU must be informed in due time by email and the newly appointed MLRO must repeat the registration process.

9. **I am the appointed MLRO of multiple Subject Persons. I have already registered on CASPAR and subscribed to one entity – how should I subscribe to additional entities?**
   You may use your current user account on CASPAR to subscribe to / create additional Subject Persons. Login to your account on CASPAR and refer to guidance Step 2: Creation / Subscribing to a Subject Person. Kindly note that a REQ must be submitted for each Subject Person.

10. **I am an MLRO, and I have erroneously rejected the request of a Designated Employee to subscribe to an Existing Subject Person. What happens next?**
    The Designated Employee should repeat the process of subscribing to a Subject Person. You will receive a new request to approve the subscription.

11. **I am the MLRO of a Subject Person, but I will be resigning since I am leaving the entity. Another person will take the role of MLRO. What should be done?**
    You should follow the obligations under the IPs for resignation/appointment of the MLRO (IP Section 5.1.3). Furthermore, your user must be deactivated. This can be done by contacting the FIAU via email on caspar@fiaumalta.org. The newly appointed MLRO must first register as a user on CASPAR and then subscribe to the Subject Person. Guidance on registration as a MLRO is available in section A.MLRO.

12. **I am encountering difficulties in the registration process or in the submission of REQ. Who may I contact?**
    The User Guide provides a wealth of information on CASPAR. However, if you still have any unanswered questions, you can contact FIAU on caspar@fiaumalta.org.

13. **Question: My entity operates under 2 licenses falling under different sub-sectors and we previously filed separate Annual Compliance Report (ACR) for each sub-sector. Are we required to complete one REQ for each sub-sector?**
    No. Only one REQ needs to be submitted per Subject Person. This REQ will incorporate all the questions applicable to both sub-sectors. This will be based on the sub-sectors selected by the user during the one-time registration of the Subject Person on CASPAR.

14. **How long does it take to complete and submit a REQ?**
    The REQ requires the inputting of various data which requires time to be compiled and filled in. We urge you to commence the completion of the REQ as soon as possible. Penalties apply for the late filing.
