Subject Person Information

Q1

Subject persons are required, for each of the questions included in this questionnaire, to choose the answer option that is best suited to the subject person. The FIAU acknowledges that the answer options defined by it do not always fully capture the actual situation within each subject person. When choosing from the answer options available it is therefore important to select an option that is a true reflection of the actual situation within the subject person's operations. In the text box, you can formulate general remarks on the subject person's operation. Please note that these general remarks are not taken into account in the initial automated analysis of the answers submitted. The answers submitted are subject to quality checks by the FIAU from time to time, and therefore it is essential to provide a true and fair reflection of the current situation.

Policies and Procedures (7)

Q4

Does your entity's policies and procedures provide for measures to determine whether customers and, where applicable, their beneficial owners, are politically exposed persons (PEPs) or PEPs' family members or close associates, prior to the commencement of service?

The interpretation of Beneficial Owners should be applied in accordance with the PMLFTR and the guidance in the Implementing Procedures. With respect to trusts reference to beneficial owner should extend to settlor / protector / trustee / beneficiaries / any other natural person actually exercising effective control over the trust. Regulation 2(1) of the PMLFTR defines a PEP as a natural person who is or has been entrusted with a prominent public function, other than middle ranking or more junior officials. The Government Gazette no. 20,602 published on 6 April, 2021 provides an exhaustive list of public functions that are considered to be prominent public functions and would therefore render the holder thereof a PEP.

Regulation 11(8) of the PMLFTR defines the term "family members" as including:

- (i) the spouse, or a person considered to be equivalent to a spouse;*
- (ii) the children and their spouses, or persons considered to be equivalent to a spouse; and*
- (iii) the parents.*

The list of 'family members' is not an exhaustive list and therefore subject persons should consider whether other family relationships in specific circumstances may be considered to be similar to those under the indicative list in the PMLFTR. Regulation 11(8) also defines the term "close associates" as:

- (i) a natural person known to have joint beneficial ownership of a body corporate or any other form of legal arrangement, or any other close business relations, with that politically exposed person;*
- (ii) a natural person who has sole beneficial ownership of a body corporate or any other form of legal arrangement that is known to have been established for the benefit of that politically exposed person.*

Regulation 11 (5) of the PMLFTR states that: Subject persons shall ensure that the risk management procedures maintained in accordance with Regulation 5(5)(a) are conducive to determine whether a customer or a beneficial owner is a politically exposed person, and when undertaking occasional transactions for, or establishing or continuing business relationships with politically exposed persons shall:

- (a) require the approval of senior management;*

Internal Audit / Independent Testing

Internal Audit / Independent Testing (0.5)

Q1

When was the last internal audit performed, in regards to compliance with the AML/CFT regulations?

Regulation 5(5)(d) of the PMLFTR provides that "every subject person shall implement, where appropriate with regard to the size and nature of the business, an independent audit function to test the internal measures, policies, controls and procedures". Section 3.4 of the Implementing Procedures explain that the subject person need not create an internal audit function, but it is possible for the subject person to engage an external consultant, independent of the subject person to evaluate the adequacy of the same. This task may also be assigned internally to a person other than the MLRO, or anyone else involved in the implementation or operation of the subject person's AML / CFT compliance programme.

Internal Audit / Independent Testing (3)

Q4

Given the size and nature of the business, was an independent audit function appointed to test the AML / CFT measures, policies, controls and procedures?

The PMLFTR requires subject persons to consider whether, given the size and nature of their business, the conduct of ongoing monitoring on one's own measures, policies, controls and procedures needs to be strengthened through:

*(a) the appointment of an officer at management level whose duties are to include monitoring of the day-to-day implementation of the measures, policies, controls and procedures adopted by the subject person; and
(b) the implementation of an independent audit function to test the said internal measures, policies, controls and procedures from time to time.*

The latter need not necessarily result in the creation of an internal audit function, since it is possible for the subject person to engage an external consultant independent of the subject person to evaluate the adequacy of its internal controls, policies and procedures. Alternatively, the subject person may assign this task internally to a person other than the MLRO or anyone else involved in the implementation or operation of the subject person's AML / CFT compliance programme

Q7

Did your entity maintain records of all internal reports raised during the prior calendar year, and the analysis conducted thereon?

The internal reporting procedures of a subject person should set out the steps to be followed when one of its employees knows or suspects that a person, or a transaction is connected to ML / FT. The procedures should clearly state that when an employee has any such information, they are to report the matter to the MLRO without delay. Internal reports should be submitted in writing, preferably using a standard template, together with all relevant information and documentation available to the employee, so as to assist the MLRO to determine how best to proceed. Following the receipt of an internal STR, the MLRO may conclude, for justifiable reasons that the report does not give rise to knowledge or suspicion of money laundering. In such cases, the MLRO should keep a copy of the internal STR together with the rationale of why the report did not warrant a submission to the FIAU. It is the MLRO's responsibility to consider internal reports of ML and decide if there is sufficient grounds for suspicion to file an STR.

PEPs (3)

From the number of PEPs in your customer base, kindly provide a breakdown of:

Q61

a) the % of Maltese PEPs (including beneficial owners), in the prior calendar year

Regulation 2(1) of the PMLFTR defines a PEP as a natural person who is or has been entrusted with a prominent public function, other than middle ranking or more junior officials. The PMLFTR The Government Gazette no. 20,602 published on 6 April, 2021 provides an exhaustive list of public functions that are considered to be prominent public functions and would therefore render the holder thereof a PEP. Regulation 11(8) of the PMLFTR defines the term "family members" as including: (i) the spouse, or a person considered to be equivalent to a spouse; (ii) the children and their spouses, or persons considered to be equivalent to a spouse; and (iii) the parents. The list of 'family members' is not an exhaustive list and therefore subject persons should consider whether other family relationships in specific circumstances may be considered to be similar to those under the indicative list in the PMLFTR. Regulation 11(8) also defines the term "close associates" as: (i) a natural person known to have joint beneficial ownership of a body corporate or any other form of legal arrangement, or any other close business relations, with that politically exposed person; (ii) a natural person who has sole beneficial ownership of a body corporate or any other form of legal arrangement that is known to have been established for the benefit of that politically exposed person.

The percentage should reflect the total number of natural persons. Therefore where the customer is a legal entity, the response should take into consideration the beneficial owners. Example where there are 50 customers that are legal entities, each having 2 beneficial owners, the total will be 100 beneficial owners. Therefore the percentage should reflect the total number of customers, irrespective of whether they are beneficial owners of the same entity or otherwise.

Q5

What is the % of customers whose Customer Due Diligence had been carried out by another subject person/third party, on the basis of a reliance agreement between your entity and the other subject person/third party?

The PMLFTR permit subject persons to rely on the CDD measures carried out by other subject persons or by certain other third parties. A reliance arrangement can be set up between entities when those entities are servicing the same customer, or when that same customer is in contact with multiple entities to a transaction, with each entity being under a legal obligation to carry out CDD measures on the customer. Subject persons should take adequate steps to ensure that, on request, the entity relied on immediately forwards relevant copies of the identification and verification documents on the CDD measures undertaken. In this regard, subject persons should have a written formal agreement with the entity, signed by both parties, that would regulate the procedures and conditions on these requests to ensure that the data is made available immediately
